

NOVEMBER 19-20, 2022

BIG RIG RESCUE

2-DAY CLASS

Hosted by Poudre Fire Authority

This class will teach students how to approach a big rig incident and will teach the 5-step method. Instruction will offer hands-on rigging and slinging of big rigs utilizing heavy rotators and will also give students the ability to learn how to stabilize and lift heavy vehicles utilizing paratech equipment. Students will also learn how to perform quick hit methods to get fast, effective lifts of large vehicles.

**Class size limited to
36 students**

\$500 Registration
